SUMMARY

QA Lead with 5 years of experience in software testing for enterprise web and mobile products. Led a QA team for an end-to-end Order-to-Cash automation platform, covering three mobile apps and a central web interface. Hands-on in manual functional testing, API testing (Postman, Rest Assured), performance testing (JMeter), and Selenium automation. Experienced in production L2 support, team leadership, and Agile delivery using JIRA.

TECHNICAL SKILLS

Testing: Manual functional testing, regression testing, end-to-end testing, cross-platform testing (web, Android, iOS)

API: Postman, Rest Assured, API response validation

Performance: JMeter

Automation: Selenium WebDriver, Java, TestNG, Python (test data and analysis tools)

Tools: JIRA, MantisBT, Google Apps Script, SQL

Process: Agile/Scrum, production L2 support, team leadership

AI: Generative AI for test case and script generation

EXPERIENCE

QA Lead | Northwind Technologies, Austin *April 2021 – Present*

Product: FleetWorks, an order-to-cash automation platform for logistics and field-service operations

- Led a QA team for an end-to-end order-to-cash platform spanning three mobile apps and a central web interface.
- Owned test strategy and execution across manual functional, regression, and cross-platform testing for web and mobile (Android/iOS).
- Performed API testing using Postman and Rest Assured, and built Python tools to convert JSON responses to Excel for faster validation.
- Ran performance testing with JMeter to verify scalability and reliability.
- Built and maintained Selenium (Java, TestNG) automation scripts for critical regression scenarios on the web interface.
- Designed a workflow automation and reporting system using Google Apps Script and APIs, providing automated notifications and daily/weekly reports to stakeholders.
- Provided L2 production support after go-live and led the support team, handling escalations and driving issue resolution.

EDUCATION

State University of Technology 2015 – 2019

Bachelor of Technology (B.Tech), Computer Science and Engineering – CGPA: 8.00/10.00

Central Higher Secondary School 2015

Class XII (Senior Secondary Examination) – Aggregate 88.0%

Riverside Public School 2013

Class X (Secondary Examination) – CGPA: 8.6/10

LANGUAGES

English (Native) • Spanish (Professional Working) • Hindi (Professional Working)

CERTIFICATIONS

ISTQB Certified Tester Foundation Level – ISTQB (2021)

Selenium Automation Specialist – Internal Certification (2022)

PROJECTS

Test Automation Framework — Creator & Maintainer *2022 – Present*

github.com/example-user/qa-framework

- Built a Selenium + TestNG framework covering 120 regression scenarios.
- Cut regression run time from 6 hours to 45 minutes.
